# A few of your questions answered ...

## Where do Bespoke tours operate?

Bespoke itineraries are designed to showcase Sydney and the stunning surrounding areas. We offer half and full day itineraries. We're passionate admirers of Sydney, and know that to truly experience a city & its regional areas you need a local's inside-knowledge, expertise & passion.

## Who can travel on a Bespoke tour?

Anyone! Bespoke Tours operate with a minimum of 1 traveller. We specialise in working with smaller groups, but as this is a private tour, we can cater to any group size. Pricing is based around groups smaller than 8 pax. For larger groups, please contact us to discuss your needs.

## Are Bespoke tours suitable for families?

Yes, yes, *YES!* Sydney is a fantastic city for kids, and there are plenty of ways to keep everyone amused - no matter what age. Our family itineraries are designed to keep the kids happy, and to allow parents to have a great time with their kids (and the odd moment to themselves...)

## What is your child policy?

Our Child Rate applies for children under 12 years of age. In some cases, infants under the age of 2 will not be charged, however this can depend on the experiences involved.

## Will the tour be private or shared?

Our Bespoke itineraries are designed as private experiences, however on some external events your clients may share the experience with a small number of other people. We've priced some itineraries with share-events where these group sizes are small, but if you'd like to ensure private experiences throughout, that's no problem at all. Please just request this so we can book and quote accordingly.

## How do I start creating an itinerary?

Look through the itineraries in this collection, or on our website. If you see something that suits, simply contact your DMC or us to book. Alternatively, let us work with you to tailor make something special! We'll coordinate all arrangements, providing you with one nett rate quote and a tailored itinerary for your clients - simple!

## What's included on a Bespoke tour?

Because Bespoke Tours are tailor-made, each one is a little different. However, there are some things that you can count on for a Bespoke Tour:

- An experienced, enthusiastic guide who can share their passion for the area.
- A private luxury vehicle to suit the group (note, there are a few itineraries where we don't use a vehicle, such as our *Biking* itineraries, or *Sydney Like A Local* where we rely on foot & ferry)
- A great lunch in a restaurant with local flavour and ambiance, with a drink of choice. For half day itineraries lunch is not included, but afternoon or morning tea, as applicable, is included.
- Local flavour, personalised attention, creativity and inspiration, and an eagerness to provide flexibility so that the itinerary is fresh, authentic, spontaneous and delivered with heart!

## Do you offer touring in different languages?

*Ja, oui, si, hai, shi, da* and of course! We work with a pretty special group of people, with talents in every sphere. We can cater for most languages with either one of our own guides, or incorporating a translator to work with our guide. Please feel free to set us a challenge!

## How do I book & learn more?

That's the easy part. Simply phone or email us to discuss your clients and their preferences. This will let us tailor their personalised itinerary. You can also learn more on our website.
