Bespoke Sydney Wildlife Safari - Shared Departure - Fact Sheet

Spend an afternoon and evening tracking down some of the best known and loved animals endemic to Australia. Venturing out when they are most active offers the best chance to spot some of our weird and wonderful wildlife - from timid marsupials to raucous, colourful birdlife. Contribute to the understanding and protection of Australian wildlife by reporting sightings on a citizen science database.

Reminders for travel

Unless otherwise arranged, your Guide will meet you outside the Sydney Harbour Marriott hotel. If you are having trouble locating your Guide, please call us on +61 4 0077 5755.

Please dress for the day and evening, in clothes that are comfortable for touring. Keep in mind that the sun in Australia can be very strong, so please bring along a hat and wear clothing that will protect you from the sun in the daytime, and keep you warm in the evening, as it gets cold in the Highlands.

Terms & Conditions

Please see our Terms & Conditions attached on our [website](#) for details.

Bespoke Sydney Wildlife Safari - Shared Departure

11:00am May - Oct / 12:00pm Nov - Apr

Meet your Sydney Bespoke Tours guide outside the Sydney Harbour Marriott hotel, to begin your day of wildlife exploration.

Depart Sydney for the 90 minute drive south to the picturesque town of Bowral. En route, learn about the animals we are likely to find, some we might spot, and how we will record any sightings.

Wildlife in the Wild

On arrival, enjoy a light lunch before learning about local wildlife conservation projects, monitoring programs, and the signs to look for when tracking our more elusive wildlife. The rest of the afternoon will be spent spotting wildlife at several locations. The area hosts an abundance of birds - from the universally-loved Kookaburra to a host of colourful parrots, including Crimson Rosella, Eastern Rosella, Galah, Yellow-tailed and Glossy Black Cockatoo, and even Emu - as well as some of our most iconic animals, such as Echidna.

Kangaroos & wombats

Come late afternoon, it's the best time to see Platypus, Eastern Grey Kangaroos, and Bare-nosed Wombats as they emerge from their burrows to graze. Then after sunset, with the help of red-tinted spotlights, nocturnal marsupials, such as Ring-tailed Possums and Sugar Gliders, can be spotted in the trees.

In the evening, enjoy a well-earned dinner at an historic pub, before returning to Sydney.

Note: To ensure the best nature and wildlife experience possible for our travellers, the exact itinerary may vary on any particular day considering recent wildlife sightings and weather conditions.

9:00pm May - Oct / 10:00pm Nov - Apr

At the conclusion of the tour, your guide will return you to outside the Sydney Harbour Marriott hotel. We hope you've enjoyed a fabulous afternoon and evening, exploring the stunning Southern Highlands area, and learning more about Australia's unique wildlife and ecology. Don't forget to ask your guide for any suggestions for your future travels, meals and experiences - we're happy to help, to make your time in Sydney the best it can be!
